Re: ONR FOIA 14-081

Dear Mr. Lloyd:

This is the final response to your Freedom of Information Act (FOIA) request received by the Office of Naval Research (ONR) on July 30, 2014 and given the number 14-081 in our system. You requested information related to the 1963 testing of the Coanda Effect internal nozzle at the Huyck Research Laboratories in Stamford, Connecticut. A copy of your request is included with this letter.

We consulted with ONR's Air Warfare and Weapons S&T Department. Our subject matter experts in that department informed us that ONR does not house records responsive to your request.

Some or all of the records you requested may be housed in the Department of the Navy, Naval Sea Systems Command (NAVSEA) and the United States Naval Research Laboratory (NRL). The NAVSEA and NRL FOIA offices may be contacted at:

Commander
Naval Sea Systems Command
Attention: SEA COS5
1333 Isaac Hull Avenue, S.E.
Washington, DC 20376-1080
NAVSEAFOIA@navy.mil

FOIA Coordinator
Naval Research Laboratory, Code 1030
4555 Overlook Ave, SW
Washington DC 20375-5320
Fax: (202) 767-6991

Because you received a "no records" response, you may appeal this determination to:

Office of the General Counsel
Department of the Navy
ATTN: FOIA/PA Appeals Office
1000 Navy Pentagon, Room 5A532
Washington, D.C. 20350-1000

Please include a copy of your original request, a copy of this letter, your supporting rationale on why the appeal should be granted, and any other information you would like considered in adjudicating your appeal. The appeal must be postmarked no later than sixty (60) calendar days from the date on this letter.

We have not assessed you any fees for this request. If you have questions, please address them to Mr. Jason Towns at (703) 696-5361 or jason.towns.ctr@navy.mil. Please reference ONR FOIA 14-081 in any correspondence discussing this case.

Sincerely,

A handwritten signature in cursive script that reads "Kathy Thompson".
